Frequently Asked Questions

Why do I need public liability insurance?

Public liability insurance covers you for anything that may happen to the children in your care for which you can be held legally liable. It could be something as simple as a child being scalded by a hot drink left within reach, or it could be a baby wriggling and falling off a changing table, or a toddler choking on something they should not have had access to. If you are considered to be negligent at the time the accident happened, you could find yourself having to pay damages for any injuries sustained.

Am I able to apply for my insurance online?

Yes, you are able to apply for your Nanny insurance via our secure site www.mortonmichel.com

What are the Ofsted Voluntary Register, the Voluntary part of the Childcare Approval Scheme (CAS) and The Care Inspectorate?

Nannies, Maternity Nurses, Doulas and Childminders who care for children over the age of 8 only have not previously required registration. However they are now able to register under the voluntary part of the Childcare Register in England, the voluntary part of the Childcare Approval System (CAS) in Wales or through Care Inspectorate approved bodies in Scotland. These schemes offer the choice of registration to providers who are not eligible for compulsory registration. By joining the voluntary register, providers show parents who use their services that they meet certain requirements designed to safeguard children and are monitored through inspections. Parents who use registered childcarers may be eligible to claim the childcare element of working tax credit.

Childcarers who are registered are entitled to a discount off their Nanny insurance premium.

How many children am I covered for?

The number of minded children in your direct and immediate personal care at any one time must not exceed six.

Am I covered if I take the children on outings?

Yes, the Nanny policy will cover you anywhere within the UK - whilst carrying out your activities as a home-based childcare professional.

Am I covered in a nanny share arrangement?

Nanny share situations are automatically covered, provided you are within any Ofsted / other registering authority rulings on the number of children you take care of and any registration requirements.

Am I covered if I nanny abroad with my employers' family?

Our Nanny policy will cover you to mind children anywhere in the world, for a maximum period of 90 days in any one period of insurance, and to countries in the European Union for a maximum period of 180 days in any one period of insurance. However, the children being minded by you abroad must be the minded children you are employed to look after in the UK, at least one parent of the minded children must be on the trip with you, you must have travel insurance for the complete duration of the trip and you must not be travelling against advice from the British Government Foreign Office.

Will I receive a policy document telling me exactly what I'm covered for?

Yes. When you take out a Nanny policy with Morton Michel you will receive a Schedule of Insurance detailing your cover limits and a policy booklet detailing all the policy cover and conditions so you can refer to them at any time. This gives you the peace of mind of knowing exactly what you are covered for.

Supposing a child has an accident during the period of my insurance policy but does not bring a claim against me until months or years later, when I no longer have a policy in force. Will I still be covered?

By law, a claim can be brought against a childcare professional up to a child's 21st birthday - long after they have left your care. Our insurance will cover you if you had a policy in place at the time of the accident and are legally liable for the accident. Some other companies only offer policies that cover you during the time that you are paying for the insurance so, as soon as you stop paying, so does the cover. However, any incident that could result in a claim being made should be reported to Morton Michel.

Am I covered for taking minded children in my car?

Your Nanny policy will not cover you for using your car in connection with your childcare business. You will need to check with your current motor insurers to arrange adequate cover.

Our motor policy is specially designed to cover you in connection with your nanny business. If you would like a quotation please call freephone 0800 804 8010.

So, what is contingent motor liability?

Contingency motor liability does not replace your ordinary motor insurance and it does not cover the motor vehicle or its contents. It provides cover if you use someone else's vehicle (with their permission) in relation to your home-based childcare business and a motor accident occurs for which you are legally responsible, but the vehicle owner does not have the necessary business cover in place. However, you must take all reasonable precautions to ensure that any vehicle used has appropriate motor insurance.

Do my employers need their own insurance for me to work in their home?

Yes, your employing family should have their own Employers' Liability cover to cover them if you sustain an injury in their home as a result of their negligence. However, this is something that is normally added on to a Household Contents policy so, in the first instance they should contact their current insurers. If they are unable to extend their current policy then Morton Michel offer a Household cover for families employing home-based childcare professionals, call 020 3824 8477 for further information.

Am I covered if I provide babysitting services?

Yes, you are covered to mind up to six children in their own home at any one time, providing you comply with the following policy conditions:

- i) you must have a note of the parent's contact details;
- ii) you must visit the home(s) where you are to babysit beforehand, identify any associated risks, advise the parent of any such risks in writing and take/recommend any appropriate action;
- iii) you must obtain the medical details and permissions for emergency treatment in respect of each child to be looked after;
- iv) you must obtain the parent's signature confirming the above information.
